

**You are paid \$30,000 a year.
You keep \$42,521. Near
\$51,000, more pay can mean
less money: past it you would
keep about \$1,000 less a year.
People call this a benefits cliff.**

You keep more than your pay because help and tax money are part of it. \$1,142 of this is free school meals. It is not cash. \$630 a year for your health plan comes out first.

Money you keep in a year, as your pay goes up

Pay is by the year.

Above \$40,000 a year, you can no longer apply for help with heating bills in Texas. It is called LIHEAP. It is worth \$1,200 a winter if you get it. Fewer than 1 in 10 families who could get it here do.

The side numbers start at \$35,000, not at \$0. The biggest drop, about \$5,100 a year at \$107,000, is outside the picture. From \$115,000 up, more pay always adds to what you keep. These are estimates. They use the rules for 2026 in Texas.

Source: HotGap, from PolicyEngine with 2026 rules. These are your own numbers. Money kept is what is left after taxes and health-plan premiums.

The points the picture marks. Money kept is in dollars a year.			
Your pay	You keep	Drop	On the picture
\$27,000	\$41,526	-\$214	A drop
\$30,000	\$42,521		You now
\$51,000	\$47,042	-\$956	A drop
\$115,000	\$81,369		Safe from here

What ends, and when

\$5,000 Your own free state health plan ends. It is called Medicaid. Cash help ends. It is called TANF cash assistance.

You keep about \$1,400 less.

\$27,000	Your health plan costs more here. Then help paying for health insurance starts. It is called the Premium tax credit. You keep about \$200 less.
----------	--

\$41,000	Waits Your kids' free state health plan would end. It is called Medicaid. It does not end that day.
----------	--

\$43,000	Food help would end. It is called SNAP.
----------	---

\$51,000	Food help for moms and babies would end. It is called WIC. Free school meals would end. It is called School meals. You would keep about \$1,000 less.
----------	--

\$57,000	Waits A health plan for kids would end. It is called CHIP. It does not end that day.
----------	---

\$59,000	A tax break for workers would end. It is called the Earned Income Tax Credit (EITC).
----------	--

\$107,000	Help paying for health insurance would end. It is called the Premium tax credit. You would keep about \$5,100 less. This is the biggest drop.
-----------	--

2 changes wait

At \$41,000 a year your kids stop being able to get a free state health plan. But the law lets kids keep it for a full year at a time. So it ends at their next yearly check, up to 12 months later.

At \$57,000 a year your kids stop being able to get a health plan for kids. But the law lets kids keep it for a full year at a time. So it ends at their next yearly check, up to 12 months later.

We do not draw it as a drop today, because it is not one.

What we assumed about you

Rent	\$1,200 a month. You gave this.
------	---------------------------------

Child care	None. Nobody in the home pays for day care.
Help you get	Food help (SNAP), cash help (TANF cash assistance), a free state health plan (Medicaid), and food help for moms and babies (WIC). We count each as if you get it.
Not counted	Child care help (CCDF child care subsidy), housing help (Housing voucher), free early learning (Head Start), and help with heating bills (LIHEAP energy assistance). We count them as if you do not get them.
You	Age 30. A U.S. citizen. No one in the home has a disability.
Other money	Savings: None. No child support, SSDI or unemployment pay.
Hours	Not given. We assume full time.
No health plan	From \$5,000 a year to \$26,000 a year you would have no health plan at all: no Medicaid and no help to buy one. We counted no health plan cost there.

How common is this pay?

About 4 in 10 parents like you in Texas are paid \$30,000 a year or less. The count could be off by a few thousand dollars either way.

This says how common the pay is. It does not say what you will earn.

From U.S. Census Bureau survey data (ACS 2024, 1-year). Grown to 2026 dollars.

The lowest legal pay

Texas's lowest legal pay is \$7.25 an hour. Full-time work at that pay is about \$15,000 a year.

These are estimates. A case worker decides real help.

We use 2026 rules. The list above says what we assumed. If any of it is wrong for you, these numbers are off too. We did not ask about anyone in the home aged 65 or more.

We do not tell you what to do.
